

Government Security. MARCH, 25, 1793.

The COMMITTEE for Managing the Concerns of

The New British Tontine,

Have Unanimously RESOLVED,

THAT as the present reduced price of Funds affords A VERY BENEFICIAL OPPORTUNITY for purchasing Stock, the Books of this Society shall continue open, for the admision of Subscribers, till

The 24th Day of JUNE next;

[After which Time NO ONE CAN POSSIBLY be admitted, as particularly stated in the Xth Article of the Deed of Trust]

That all who choose to profit by this most advantageous period, may be enabled to partake of its peculiar benefits; it being extremely probable (as the War is expected to be of a short duration) that the monies now to be invested, in GOVERNMENT SECURITY, will be fold out, at the expiration of the Tontine, for

Nearly Twenty per Cent. Gain;

BESIDES the usual increase arising from Compound Interest, Fines, &c. which must be abundantly augmented (especially during the War) by Deaths and Exclusion.

The exalted rank and character of the Trustees and Treasurers to THIS TONTINE have been often announced in former advertisements. — It being guaranteed by *Nine Members of Parliament* and *Ten other Gentlemen* of the greatest respectability, the Capital Stock of THIS SOCIETY is rendered as SECURE as GOVERNMENT and PROPERTY can make it.

It may not be amiss to remind the public, on account of the panic which at present seems to pervade the public mind, with respect to the many recent failures, that no failure whatever (which has happened, or may happen) has affected, or can affect the BRITISH TONTINES. — The Committee meet at the Secretary's Office, the first Monday in every month, for the purpose of ordering the Treasurers to lay out what monies may be then in hand, in the funds, in the name of the Trustees; by which means no person whoever has any command of any part of the property of this society, but for the purposes stated and settled in the Deed of Trust.

Sir JAMES ESDAILE & Co. are NOT Treasurers to any TONTINE but the BRITISH.

Signed, by Order of the Committee,

THOMAS GADD, President.

Those who wish to embrace the present opportunity of joining the most respectable and advantageous Tontine ever established, and

The Only One now Open

IN GREAT-BRITAIN, are requested to apply to

The Secretary No. 35, Maryport Street, BRISTOL. Mr. BARKER, No. 6, Old-Bailey; the British Tontine-Office, No. 29, Coventry Street; HOOPER's Tea Warehouse, No. 86, Fleet-Market; Mr. R. WARHAM, Hatter and Hosier, No. 19, Aldgate Without; Mr. HANCE, Hatter, No. 73, Tooley-Street, Southwark, LONDON;

And the Agents in most towns in Great-Britain (among whom are as on the other side) at whose Offices Books of Rules may be had, and every information given respecting the society. — Also A LIST of SUBSCRIBERS to the Old BRITISH TONTINE (which has already FUNDED a CAPITAL of more than SEVENTY THOUSAND POUNDS!)

Those who enter with the agents pay no more than at the General Office.
